Dear busines partners,

please be advised about an important change regarding loading/unloading of goods in ZVL SLOVAKIA, a. s..For the purpose of loading the goods please enter following address into your GPS navigation system:

Štrková 40, 010 01 Žilina

The **loading place is the same** as before but the directions are changed due to local legislation requirements. An access road "Štrková 40" is labeled "CARGO GATE ZVL SLOVAKIA" together with directing arrows pointing at unchanged loading/unloading place. This is 150m far from Štrková 40 address.

An address " Na stanicu 22, 010 09 Žilina" would be available as personal entrance only.

Thank you for your understanding
